

MAULANA ABUL KALAM AZAD UNIVERSITY OF TECHNOLOGY, WEST BENGAL

Paper Code : EC602/PCC-CS602/PCCCS602 Computer Networks

UPID : 006596

Time Allotted : 3 Hours

Full Marks : 70

The Figures in the margin indicate full marks.

Candidate are required to give their answers in their own words as far as practicable

Group-A (Very Short Answer Type Question)

1. Answer any ten of the following :

[1 x 10 = 10]

- (i) Mail retrieval Protocol is known as _____.
- (ii) What is meant by topology?
- (iii) What is the size of MAC Address?
- (iv) The last part of IP address represents _____.
- (v) UDP is a connectionless type of protocol. True/False?
- (vi) _____ layer is responsible to remove congestion.
- (vii) State the function of Physical layer in brief.
- (viii) Selective repeat ARQ is better than _____.
- (ix) 194.123.2.10 belongs to which class of IP?
- (x) Packet is associated with which layer?
- (xi) Application layer offers _____ service.
- (xii) What is the meaning of Bandwidth in Network?

Group-B (Short Answer Type Question)

Answer any three of the following :

[5 x 3 = 15]

2. Compare circuit switching with packet switching. [5]
3. Write a short note on fragmentation in network layer. [5]
4. Explain the functions of modem in brief. [5]
5. What do you mean by multiple access and dynamic channel allocation? [5]
6. Compare Virtual circuit subnet and datagram subnet. [5]

Group-C (Long Answer Type Question)

Answer any three of the following :

[15 x 3 = 45]

7. (a) Discuss about Distance vector routing. [8]
(b) Discuss about link state routing. [7]
8. (a) What are the congestion control policies in Transport layer? [7]
(b) Write a short note on leaky bucket algorithm. [8]
9. (a) Write a short note on e-mail. [7]
(b) Write short notes on (1) Symmetric key cryptography (2) Public Key cryptography [8]
10. (a) What is meant by guided and unguided media? Draw the frequency spectrum for unguided media? [8]
(b) Discuss about the techniques of bandwidth utilization [7]
11. (a) Explain connection establishment and connection release process in transport layer. [7]
(b) Draw the diagram of UDP header and explain its parts [8]
